COPY OF PAPERS  
ORIGINALLY FILED

02/26/2002

Attn: examiner

Here are my changes to the application.  
Please except this application with the changes and allow it to be processed into the system.

I have reduced the claims to only 20 now, which will cancel the amount due above 3 and 20.

I have also taken out errors in my application and sent you this final application to replace the other that was sent.

I have also included the abstract in the updated application enclosed.

I have also included the payment for the oath of declaration that was forgotten.

If there are any problems at all, please contact me immediately at the above address, phone or email.

Sincerely

Paul Crunk/Inventor
